Many states offer alternative courses that allow students to take part of the hunter education course online. This online course provides gives families a way to study together at home, at a comfortable pace. Many people study the lessons in this course to fully prepare for a traditional course.

Students who complete the online training may be required to attend instructor-led sessions to complete additional training or testing. There is NO CHARGE to use the IHEA-USA online course. Some agencies may charge fees to complete the instructor-led portions of a course.
